

PLANTING FLOWERS

A. Reading

Mrs. Mott and her granddaughter, Sally, are planting flowers in the garden. Mrs. Mott is using a trowel to dig small holes in the dirt. The holes are three inches deep and six inches apart. After Mrs. Mott digs a hole, Sally puts a flower in it. The flowers are in small plastic containers. Each container has dirt surrounding the roots of the plant. After Mrs. Mott and Sally plant the flowers, they will water them with a garden hose. In a few weeks the flowers will grow taller. When they are about eight inches tall, Mrs. Mott will cut them and put them in a vase. She will put the vase of flowers on her kitchen table.

B. Sequencing

1. What does Mrs. Mott do first? _____
2. What does Sally do after Mrs. Mott digs the hole? _____
3. What do Sally and Mrs. Mott do after they plant the flowers? _____
4. What will Mrs. Mott do when the flowers are tall? _____
