Your Partner's Child's Age: _____

Your Partner's Child: **Male** **Female**

Your Partner's child is older than yours. Find out about her child.
Ask your Partner each question. Then, write down her answers.

1. What can your child do to help at home?
2. What can your child do to help outside the apartment?
3. What can your child do to have fun at home?
4. What can your child learn at home?
5. What is your child learning at school/day care?

If you have more time, ask your Partner other questions about her child.
