

# Careers in Education and Childcare

## Program Description:

This is an experiential class for adults who are learning English and want to pursue a career in education or childcare. This class will help participants explore and prepare for careers working with children. Participants will have a weekly placement in a public school and will attend class twice a month. The program is free.

### Benefits

- Gain valuable experience
- Learn about teaching methods
- Explore how children learn
- Practice English in a professional setting
- Improve your written and spoken English
- Become CPR and First Aid certified
- Connect with people working in childcare and education
- Receive support in setting and reaching goals for your career

### Commitment: September-April

Participants commit to a weekly volunteer placement.

Participant will attend class two evenings a month.

Participants will communicate regularly with program staff.
