Extended-Response

Overview of RLA Test

Focuses on three essential skills:

- ▶ Close reading
- ▶ Clear writing
- ▶ Editing and understanding the use of standard written English (or Spanish) in context
- ▶ Source texts – 75% nonfiction; 25% fiction
- ▶ Passage length – 400-800 words
- ▶ Range of text complexity, including texts at the college- and career-ready level
- ▶ Technology-enhanced items and extended response

Extended Response on RLA

An extended response item includes:

- One or more source texts
- Texts offer two positions on a given topic
- A prompt that provides instruction on what the student is expected to do

Purpose of Extended Response

To provide test-takers with an opportunity to demonstrate:

- Knowledge of writing conventions in English (or Spanish)
- Understanding of what they've read
- How well they use evidence to build arguments
- Their ability to clearly communicate their thinking in their own words

The Three Traits

- ▶ Trait 1: Creation of Arguments and the Use of Evidence
- ▶ Trait 2: Development of Ideas and Organizational Structure
- ▶ Trait 3: Clarity and Command of Standard English Conventions

Extended Response Scoring Tools - Educators and Admins

Don't Forget the Little Stuff

Expose students to a structured approach to the writing task and help them understand that they need to:

- ▶ Write a complete response, not just a short paragraph (300-500 words)
- ▶ Provide commentary on the evidence cited (explain the “why”)
- ▶ Fully develop two or three ideas, rather than mention a lot of things without detail
- ▶ Leave five minutes at the end for proofreading—that is one of the things evaluated
- ▶ The extended response comprises 20% of the RLA score

Additional Key Policies

After 3 non-passing attempts in a GED test subject, in a calendar year, test-takers must wait 60 days to retest for each subsequent retest.

There is no set limit to how many times an individual can take a GED test subject in a calendar year, however the 60 day wait policy will limit attempts.

The amount of students in MA who need a 3rd, 4th, 5th, attempt in a subject is quite small.

In order to take the GED® test in the Commonwealth of Massachusetts you must be living at a Massachusetts address.

There is no requirement for students to take the GED Ready® Official Practice Test in order to be qualified to test, however it is a best practice to ensure readiness.

Massachusetts GED® Testing Data

Relationships Between the High Impact Indicators and Other Indicators

The High Impact Indicators are a list of key skills assessed on the GED® test that, if emphasized in instruction, can help instructors make a significant impact on student skills and performance. This document shows the relationship between the High Impact Indicators and other indicators assessed on the GED® test. Adult educators can use this resource to create instructional plans that address the maximum number of skills in the limited time they have available with students. Providing instruction in a single High Impact Indicator area can help students broaden and deepen their skills, enabling them to apply those skills in multiple ways and in a variety of contexts across all of the content areas covered by the GED® test.

Note: High Impact Indicators appear in **BOLD** type.

A model house is 18 cm wide. If it was built with a scale of 2 cm = 3 m, how wide is the actual house?

A 15 m
B 18 m
C 24 m
D 27 m

✓ Incorrect

The correct answer is D.

Explanation:

Set up a proportion.

$$\frac{2 \text{ cm}}{3 \text{ m}} = \frac{18 \text{ cm}}{x \text{ m}}$$

Cross multiply.

$$2 \cdot 18 = 3 \cdot x$$

Simplify.

$$36 = 3x$$

Solve for x by dividing both sides of the equation by 3.

$$\frac{36}{3} = \frac{3x}{3}$$

$$12 = x$$

The actual house is 12 m wide.

Using GEDPrep Connect: Easy as 1-2-3

Step 1

Adult Ed “Enrollment” Process

Interested

All Students who select a **GED®** Test Prep Center can be found in this part of **GED Manager™**. They will initially be listed as **Interested**

Adult Ed Staff can then update the status of each Student to **Enrolled**, **Contacted** or **Dismissed** or **Credentialed**

5 Statuses to help manage Students

Adult Ed Staff contacts Student and updates status to:

- **Enrolled:** Student will be part of their program.
- **OR Contacted:** There is no limit to the number of “attempted contact” times.
- **OR Dismissed:** Student will remain on **GED Manager™** list until they select another **GED®** Test Prep Center. There are multiple “dismissed” reasons to choose from.
- **OR Credentialed:** Student has earned their GED

- Adult Educators can sort by one student or groups of students and export the results – sorting by date, enrollment status or credential status
- Educators can edit the status of a student from 'Interested' to 'Contacted,' 'Dismissed', 'Enrolled', or 'Credentialed' and write notes about the students

Important to know who is an enrolled student vs. an interested student

The screenshot shows a web form titled "Update GED® Prep Student Enrollment Status". It contains the following fields and controls:

- Student: Brian Smith
- Current Status: Interested
- A dropdown menu currently set to "Enrolled".
- A "Notes:" section with a text area containing the text "Attends night time classes".
- At the bottom right, there are two buttons: "Cancel" and "Confirm".

Educators will also see students' information who are interested in a program but not currently enrolled

It is up to the adult education program to reach out to those students to get them to enroll

It makes running reports of your current students much easier

The GED & Me App takes the learner on a guided path to achieve their goals

The GED & Me App and the GED.com account have one user name and password and will be linked

The image displays three sequential mobile app screens for the GED & Me App, illustrating the account setup process. All screens show a status bar at the top with the time 9:41 and signal/battery icons.

Screen 1: Sign up for an account to save your progress
This screen prompts the user to sign up if they do not have an account. It features four input fields: "First name", "Last name", "Email address", and "Choose a password". At the bottom, there is a light blue "Continue" button, a link to "Create account later", and a link to "Log In" for existing users.

Screen 2: Sign up for an account to save your progress
This screen shows the same sign-up form with the following data entered: "Sam" for first name, "Johnson" for last name, "sam@gmail.com" for email address, and "*****" for the password. The "Continue" button is now dark blue, indicating it is active.

Screen 3: Set up your account
This screen, titled "Set up your account", instructs the user to complete steps to create a study path. It lists three tasks:

- Create an account or sign in** (marked with a checkmark icon, "To-do", "2 mins")
- Set your GED test goals** (radio button icon, "Survey", "5 mins")
- Discover your learning style** (radio button icon, "Survey", "15 mins")

A bottom navigation bar includes icons for Home, My Path, Practice, and Account.

The GED & Me App includes a lot of practice, and an opportunity to link a Kaplan book, to study alongside the Kaplan chapters (More publisher references are likely to be included in the future)

Recommendation

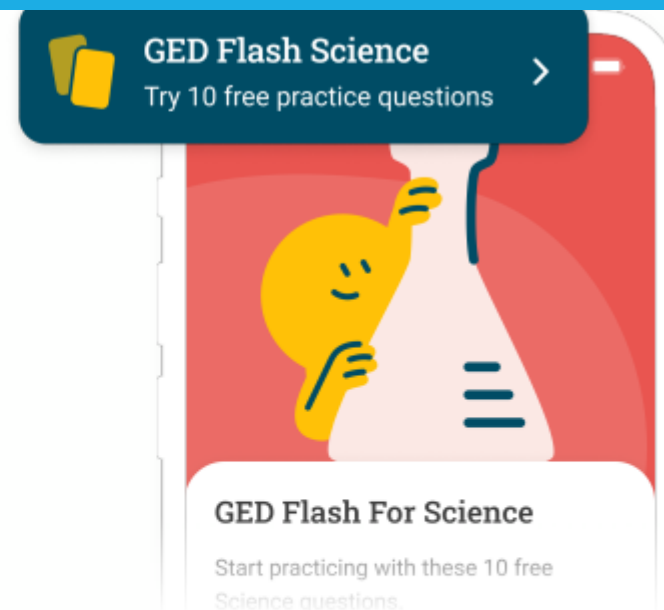

Start with GED Flash and Practice Tests while planning and exploring a future content strategy.

MLP

- Learners are most excited about access to practice questions. Consider including access to existing question sets to fill an immediate gap and capture Learner attention.
 - Explore a subscription model if Flash can't be offered free.
- Provide topic-based modules instead of weekly tasks to give learners the flexibility to study at their own pace.
- Within each module, give learners specific, actionable tasks.

FUTURE PRODUCT

- Identify how GED might offer a well-rounded selection of study material.
 - Start by providing follow-up recommendations about what to study to improve their score.
 - Provide a range of content formats and personalize what content is presented to each learner based on their learning preferences.

Participants were excited to try the GED Flash questions. Most expected these to be free, but were willing to pay if they proved to be helpful.
