

## Take-Home Assignment (Between Sessions)

**Time needed:** 45–60 minutes

### The Culture Bump Journal

Before the virtual Part 2 session:

1. **Notice one culture bump** in your classroom or in an interaction with a student. Write a paragraph: What happened? What did you expect? What might the student have been expressing?
2. **Try one thing** from today — either "Make It Visible," an SEL Bridge move, or one of the storytelling tools. Write 3–5 sentences: What did you try? What did you notice?
3. **Bring one question** to Part 2 — something you're genuinely uncertain about or want to dig into further.

No right answers. The point is to pay attention differently.
